E-commerce website where Admin & Users have their own permissions to take actions.

1) Users can :

- Register & Login with their credentials
- Add products to cart for future purchase
- Add Review their purchased products

2) Admin can :

- Add new products to the website
- Make any users as an Admin

EXPERIENCE

> Full Stack Developer (Aug 2021 - Present)

- Used Vue.js for developing **single page web applications** and worked on how to optimize the code by Built reusable components
- Used Vuex for State Management Tool
- Used **jwt token** with Node.js for user authentication
- Used Github Platform for continuous deploy and for valuation of code
- Communicated with UK based clients to meet their requirements.
